

I do hereby certify that the within instrument was filed and recorded at the request of John Anthony on JUL 5 77-4 25 PM o'clock 1083 Book Official Records Page 670-289 Records of Yavapai County, Arizona. WITNESS my hand and official seal the day and year first above written.

MARK C. JENNEY County Recorder
James Deputy

PROPOSED

AMENDMENT TO DECLARATION OF RESTRICTIONS SEDONA WEST SUBDIVISION

KNOW ALL MEN BY THESE PRESENTS: That the undersigned being the owners of a majority of the lots numbered One through Two Hundred thirty-one (231) inclusive, of SEDONA WEST, a subdivision, according to the plat of record in the office of the Yavapai County Recorder in Book 7 of Maps, page 98 thereof, hereby agree as follows:

RECITALS: I That on November 4, 1960 Lane Title & Trust Company as Trustee, the then owner of the above described lots and tract, executed a document entitled Declaration of Restrictions, which document was recorded November 7, 1960 in Book 202 of Official Records, pages 353 to 355, records of Yavapai County, Arizona;

II That on December 1, 1960 Lane Title & Trust Company, an Arizona corporation, as Trustee and the owner of the above described lots and tract, executed a document entitled Amendment to Declaration of Restrictions, which document was recorded December 2, 1960 in Book 204 of Official Records, page 429, records of Yavapai County, Arizona;

III That on August 3, 1961 Stewart Title & Trust Company of Flagstaff as Trustee and the then owner of the above described lots and tract, executed a document entitled Modification of Restrictions, which document was recorded October 3, 1961 in Book 234 of Official Records at pages 492 and 493, records of Yavapai County, Arizona;

IV That on April 15, 1963 Stewart Title & Trust Company of Flagstaff as Trustee and the then owner of the above described lots, executed a document entitled Modification of Restrictions, which document was recorded April 29, 1963 in Book 288 of Official Records, page 154, records of Yavapai County, Arizona;

V That the aforesaid documents consist and comprise the existing restrictions on Lots One (1) through Two hundred thirty-one (231) inclusive;

VI That paragraph (14) of the document termed Declaration of Restrictions dated November 4, 1960 provides that:

"The aforesaid provisions, restrictions and covenants and each and all thereof, shall run with the land and every part thereof, and shall be binding on all the parties and all persons claiming under them until January 1, 1971 after which time they shall be automatically extended for a period of ten (10) years, unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change the same in whole or in part."

VII That the present owners of a majority of said lots and tracts in SEDONA WEST Subdivision desire to change the said restrictions and covenants as more particularly set forth herein.

NOW, THEREFORE, in consideration of the premises and in consideration of the execution hereof by each of the signers and other good and valuable considerations, each of the undersigned, for himself, his heirs, executors, administrators, survivors and assigns, does hereby covenant and agree one with the other that the following shall be and hereby are declared to be the restrictions and covenants running with the title to the property known as:

Lots One (1) to Two hundred thirty one (231), inclusive, SEDONA WEST, according to the plat of record in the office of the County Recorder of Yavapai County, Arizona, in Book 7 of Maps, Page 98.

1. Lots One (1) through Two hundred thirty one (231) in SEDONA WEST shall be known and described as residential lots, and shall be used for no other purpose than for a single family dwellings. No mobile homes or house trailers shall be placed on this subdivision of SEDONA WEST, or on any part thereof.

2. No structure whatever, other than one (1) private, single-family dwelling, together with a private garage for not more than (3) cars, a guest house and servant quarters, shall be erected, placed or permitted to remain on any of the lots; provided however that no facilities for the preparation of food shall be provided or permitted in any guest house or servants' quarters, to be erected on said premises.

3. No store, office or other place of business of any kind, and no hospital, sanitarium, or other place for the care or treatment of the sick or disabled, physically or mentally, nor any theater, saloon or other place of entertainment, or any church, shall ever be erected or permitted upon any of the lots, or any part thereof, and no business of any kind or character whatever shall be conducted in or from any residence on the lots.

4. None of the said lots shall be subdivided and no part of any of the lots shall be sold separate and apart from the remainder thereof, except to the owner of a lot contiguous thereto for annexation to such contiguous lot, in which event the part so annexed shall become part of the lot to which it is annexed, and the enlarged lot shall be regarded as a single lot for all purposes and restrictions set forth in this agreement.

5a. No grading, building, driveway or roadway shall be commenced, constructed, erected, or maintained until the plans, specifications and plot plans for the proposed construction shall have been submitted to and approved by the Architectural Control Committee, hereinafter described.

b. Plans, specifications and plot plan for any improvements constructed on any lot shall be submitted in duplicate to the chairman of the Architectural Control Committee and one copy of each, as finally approved, shall be lodged permanently with said Committee.

c. Plans shall consist of complete floor plans and elevations of all sides of the proposed structure and be so dimensioned as to show the square footage of the total enclosed living space. Plot plans shall show the placement of the building on the lot, all grading proposals, dimensions from lot boundaries to all construction and details of any and all retaining walls or similar devices where grading is required that would affect adjoining property. Said plot plan shall include a certified plat by a licensed land surveyor demonstrating that the placement of the proposed construction conforms to the recorded description of the lot, unless, in the opinion of the Architectural Control Committee, this requirement may be waived because of the mathematical simplicity of the lot juxtaposition and the existence of the original lot corner stakes. Where lot corners are not common with the boundaries of adjacent lots, such waivers shall not be granted.

The plans submitted shall show a section through the building across the contours, showing the relation of the building to the natural grade, and relating the building elevation to some nearby easily identifiable point of fixed elevation, such as the centerline of the road at the projection of either lot line.

6. To avoid obstructing the view of others, two-level homes will not be permitted, except when architecturally indicated by a steeply sloping lot. In such case the Committee may approve a home with two levels exposed on the downhill side, provided only one level is exposed on the uphill side and the floor elevation of that level no more than one foot above the original ground level on the uphill side of the structure, and provided the overall height is kept to a minimum. Roofs of more than five on twelve pitch will not be approved for the same reason. Exceptions to these provisions will be permitted only when it can be demonstrated to the Committee that the exception will not adversely affect the nearby residents.

f. Specifications shall include full description of all exterior finish, including material and color. No light or reflective roofing shall be approved, except, at the discretion of the Architectural Control Committee, solar energy collectors may be approved.

g. The Architectural Control Committee shall have the right to refuse to approve any plans or specifications or grading plan, which are not suitable, or desirable, in its opinion, for aesthetic or other reasons, and, in so passing upon such plans, specifications and grading plans, and without any limitation on the foregoing, it shall have the right to take into consideration the suitability of the proposed building or other structure, of any of the materials of which it is to be built, the site on which it is proposed to be erected, the harmony thereof with the surroundings and the affect of the building or other structure as planned, on the outlook from the adjacent or neighboring property.

h. All subsequent additions to or changes or alterations in any building, structure, fence or wall, including exterior color scheme shall be subject to prior approval of the Architectural Control Committee.

6a. All decisions of the Architectural Control Committee shall be final and the Architectural Control Committee shall not be liable for damages to anyone submitting plans for approval or making other requests of the Committee, nor to any owner, lessee, sub-lessee or occupant of any lots by reason of mistake in judgment, negligence, or nonfeasance of itself, its agents or its employees arising out of or in connection with the approval or disapproval or failure to approve, of any of the plans or requests, and every owner agrees not to bring an action or suit to recover for such damages against the Architectural Control Committee or any members thereof. The Committee shall not be responsible nor be sued for any structural defects in the plans or specifications or any structures or buildings erected according to said plans and specifications or any change in drainage resulting therefrom. The building of any structure or any other improvement covered under these restrictions or a threat to build any structure or improvements pursuant to these restrictions at variance from any plans approved by the Committee and/or building of any structure or any other improvements covered by these restrictions or threat to build any structure or improvement pursuant to these restrictions without submitting and receiving approval of these plans by the Architectural Control Committee and/or proceeding to build or place improvements on the property after said plans have been rejected by the committee shall all, but not exclusively, constitute a breach of the covenants of restrictions and any of them. This remedy set forth above in no way restricts any other remedy in equity or in law which any individual or individuals or corporations may have the right to bring. Anyone owning or having an interest in this subdivision may bring an appropriate action in the appropriate Court to enjoin or restrain said violation, or to compel compliance with said covenants and/or restrictions herein contained, or to collect damages or such dues on account thereof, and in addition shall be entitled to reasonable attorney's fees and court costs for having prosecuted said lawsuit for violation of these restrictions and covenants.

b. The Architectural Control Committee shall be composed of not less than three nor more than five members, and as of this date shall consist of: Preston G. Smith, James A. Morrison, William E. G. Young, Robert A. McKeown, Mary Jane Hoffmann. In the event of the absence from town of two (2) members of the Committee, the President and First Vice-President of the SEDONA WEST PROPERTY OWNERS' ASSOCIATION shall be empowered to act as members of said Committee if called upon to do so.

c. The members of the Committee shall not be entitled to any compensation for services performed under this covenant. This Committee, shall however, have the authority to use the services of a registered architect as a consultant and to levy a charge not to exceed ONE HUNDRED (\$100.00) DOLLARS for each set of plans and specifications submitted to it for approval to defray the fees of the consultant. The consultant shall not have the right to vote in passing upon the plans and specifications. The record owners of the majority of the lots of the SEDONA WEST SUBDIVISION, or the Directors of the SEDONA WEST PROPERTY OWNERS' ASSOCIATION, if the Association at that time has paid membership from more than a majority of said record owners, shall have the power, at any time, through a duly recorded instrument, to change the membership of the Committee, or to appoint a successor in the event of death, incapacity or resignation of a member.

d. That solely in its option, the Committee is granted the power to establish a procedure for the preparation, submission and determination of the application and plans for approval for construction of any such alteration or improvements as specified in these restrictions. Failure of said Committee to promulgate said procedures in no way affects the validity of its acts nor the validity of these restrictions.

7. An entire lot, together with the improvements thereon, may be rented by the owner to a single family, but not otherwise.

8. No poultry, livestock or other animals, other than the usual household pets, shall be permitted on any lot.

9. All dwellings upon which construction has started shall be completed 180 days after the date that construction has commenced.

10. With the exception of one "For Rent" or "For Sale" sign (which shall not exceed 18 x 24 inches in size), no advertising signs, billboards, unsightly objects or nuisances shall be erected, placed or permitted to remain on any lot; nor shall the lots be used in any way or for any purpose which may endanger the health or unreasonably disturb the holder of any other lot.

11. No elevated tanks of any kind shall be erected, placed or permitted upon any lot; any tanks for use in connection with any residence on the lots, including tank for storage of gas, fuel oil, gasoline or oil, must be buried or kept screened by adequate planting or fencework, which planting or fencework must be first approved by the Committee, to conceal them from neighboring lots and streets.

12. All rubbish, trash or garbage shall be removed from the lots and shall not be allowed to accumulate thereon. No incinerators, other than high combustion burners, shall be kept on any lot.

13. Excepting for purposes of actual construction upon a lot or tract, no stone, sand, ground or soil shall be removed from any said tract or lot. Unless suitable retaining walls are constructed to support the earth on any said lot or tract, the natural angle of repose of the ground shall not be altered by excavation within five (5) feet of any boundary line of any tract or lot by a slope steeper than one and one-half (1½) feet horizontal to one (1) foot vertical.

14. All construction shall conform to Arizona State and Yavapai County Sanitary Codes and no outside toilets will be permitted.

15. No derrick, equipment, or other structure designed for use in boring, mining, or quarrying for building stone, oil, natural gas or precious minerals shall be erected, maintained or permitted.

16. No lot shall be used for vehicular access to any other property except where the access lot and the other property are one individual ownership within this Subdivision.

17. The following types of vehicles shall not be parked or stored on or adjacent to any lot unless kept in a completely enclosed garage or otherwise screened from view.

a. Any commercial vehicles, motor homes, or pickup campers, mounted or unmounted, that exceed cab height when mounted.

b. Any trailers, including camper and boat trailers.

c. Any heavy equipment, including construction or earth moving equipment or concrete mixers.

18. Owners of lots abutting subdivision boundary shall either maintain or permit the maintenance of the perimeter fence and shall not damage said fence.

19. The aforesaid provisions, restrictions and covenants, and each and all thereof, shall run with the land and every part thereof, and shall be binding upon all parties and all persons claiming under them commencing on the date of recording of this

document and continuing for a period of ten (10) years until January 1, 1987, after which time they shall automatically be extended for a period of ten (10) years. At any time during the time periods designated above, these restrictions may be modified by written agreement executed by the then record owners of more than one-half (½) of the lots numbered One (1) through two thirty one (231), inclusive, of SEDONA WEST SUBDIVISION, further described above, revising said conditions and restrictions in whole or in part.

20. Failure to enforce any of these restrictions, rights, reservations, limitations, covenants and conditions contained herein shall not, in any event, be construed or held to be a waiver thereof or consent to any further or succeeding breach or violation. Upon the breach or threatened breach of said covenants of restrictions or any of them, anyone owning or having an interest in SEDONA WEST may bring an appropriate action in the proper Court to enjoin or restrain said violation, or to compel compliance with the said covenants or restrictions herein contained, or to collect damages or other dues on account thereof.

21. Invalidity of any of these restrictions by judgment of Court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

22. All of the previous declaration of restrictions and amendments thereto set forth above are hereby superseded by these restrictions as of the date of recording of this document.

IN WITNESS WHEREOF, we, the undersigned, who are the present owners of a majority of the lots and a majority of the owners of SEDONA WEST hereunto concur and amend these restrictions and conditions. That our names are attached to this document being duly notarized on the dates indicated.

APPROVAL OF AMENDMENTS TO DECLARATION OF RESTRICTIONS
FOR SEDONA WEST SUBDIVISION

I and/or we, the undersigned, certify that (am) (are) the legal owner(s) of a certain lot or lots described below, on the date indicated below on which this document was acknowledged by a Notary Public.
